# Academic Crest

The parts of the crest either represent national symbols or elements of a unique Namibian landscape and culture. the colours have been selected to represent the national spectrum, as influenced by the heritage from the Namibian flag:

**Red:** represents Namibia's most important resource, its people. It refers to their heroism and their determination to build a future of equal opportunity for all.

**Blue:** represents the clear Namibian sky, as well as the Atlantic Ocean, the country's precious water resources and rain.

**Gold:** represents life and energy (the sun).

## Parts of the Crest

- 1. The Atom** is one of the most basic recognisable symbols of science. Positioned under the sun it symbolizes science and technology as the foundations of illumination at the University.
- 2. The Arch** is the threshold of knowledge. It is the gateway to the future and encourages a thirst for knowledge and discovery. Namibia becomes the threshold for new development - entering a new era.
- 3. The Ribbon** is derived from the diverse traditional cultures of Namibian dress, amongst the Damara, Herero, Himba and Owambo groups; it is an extension of the red band representing people. It is a symbol of achievement and prestige, and recognizes traditional cultures of pageantry. the ribbon epitomises flexibility and adaptiveness by which NUST exemplifies and enables its students to achieve higher knowledge.
- 4. The Sun** represents the outcome of scientific and technological innovation and enlightenment. Education is a form of discovery, energy and life that this symbol should highlight through its embodiment of the sun.
- 5. The Shield** is the symbol of learning institutions (traditional) - signaling tradition, strength and readiness.
- 6. The Red Band** represents the people and also blood, which gives life. People are the lifeblood of the University and country. It refers to their heroism and their determination to build a future of equal opportunity for all. the position of the red band represents 'crossing over the threshold'.
