NUST in Global Rankings: Building on Our Impact

For the first time, NUST has been ranked in the Times Higher Education Impact Rankings, placing around 400th globally for SDG 1 (No Poverty) and approximately 600th for both SDG 4 (Quality Education) and SDG 15 (Life on Land). This achievement reflects the collective research of our staff and students, and the impact it has on our community.

To better communicate research impact, we invite all staff to share their output on impactful research, projects, and community engagement with the DRIP team via impact@nust.na. Your stories will help us showcase the breadth and depth of NUST's contribution to positive change while inspiring colleagues across the University.

Institutional Research Week 2025: Call for Abstracts

NUST will host Institutional Research Week (IRW) from 1 to 3 October 2025 under the theme A Decade of Eminence: Strengthening and Repositioning Research for Industry Partnerships and Engagement.

This is your platform to share your research with colleagues, industry partners, and the wider community. We encourage staff and postgraduate students to submit abstracts that align with the event's themes, including industry-driven innovation, research commercialisation, and successful academia-industry partnerships. The deadline for submissions is 29 August 2025. Let us make this a strong showcase of NUST's research excellence.

Postgraduate Walk of Achievement: Leave a Lasting Legacy

The Postgraduate Walk of Achievement recognises NUST postgraduate alumni and staff who have made a significant contribution to the University's success.

Each commemorative brick placed on the pathway of NUST is a visible, enduring symbol of achievement and pride.

We challenge all NUST postgraduate staff members to secure their place in this legacy by purchasing a brick. This is your opportunity to have a permanent mark on our campus and be part of NUST's story for generations to come. Apply [here](#) to purchase a brick.
