Dear Staff and Students

RE: COVID-19 DEATH AND CURRENT STATISTICS AT NUST

The Namibia University of Science and Technology (NUST) has unfortunately recorded new COVID-19 cases on campus. The statistics below are an outline of the current COVID-19 figures at the University. These new infections include twenty-six (26) staff members and seven (7) students.

Table 1: *Summary of the NUST Update*

Recoveries	67
Recovery Rate	51.5%
Confirmed Cases	103
Staff	71
Students	32
Active Cases	34
COVID-19-related Deaths	2

As indicated above, another death was recorded. Our heartfelt condolences go out to the family and friends of the bereaved, during this difficult time.

The University kindly reminds all staff and students to collectively play an active role in containing this virus, and everyone is encouraged get vaccinated. Let us fight this pandemic together.

Yours Sincerely,

Mr Kaitira. E Kandjii
Director: Marketing and Communications
