# CALL FOR PAPERS

## 2022 ICISSET International Conference

**The International Conference on Information Systems and Emerging Technologies  
23 - 25 November 2022 [Windhoek, Namibia]**

### About the Conference

The International Conference on Information Systems and Emerging Technologies, to be held by the Namibia University of Science and Technology, Faculty of Computing and Informatics, will take place on 23-25 November 2022. This is an international forum for researchers and practitioners to present and discuss recent innovations, trends, results, experiences and concerns in the several aspects of Information Systems. The aim of the conference is to provide a platform for researchers and practitioners from academia as well as industry to meet and share cutting-edge development in the field.

The conference programme will reflect the wide spectrum of research topics in Information Systems and Emerging technologies, building bridges between various research fields in Information Systems. In addition to the technical sessions, opportunities for the conference attendees will be the keynote talks.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances.

### ICISSET 2022 Topics include, but are not limited to the following

- Human-Computer Interaction
- Cybersecurity
- Ethics, Computers and Security
- High Performance Computing
- ICT for Climate Change
- Computer Networks, Mobility and Pervasive Systems
- Smart (inter)networked systems-(smart cities, smart grids, and smart mobility)
- Digital Twin
- Platform-based ecosystems
- Blockchain
- Engineering Applications
- Organisational Models and Information Systems
- Information Technologies in Education
- Health Informatics
- Human-Computer Interaction
- Digital Transformation
- Digital Business and Entrepreneurship
- Digitalisation and Green Energy
- Technological Innovations for Small Businesses
- Information and Knowledge Management
- Multimedia Systems and Applications
- ICT for Sustainable Development
- E-Commerce and E-Government
- Mobile Computing and Applications
- Big Data Analytics and Applications
- Adaptive Systems
- Intelligent and Decision Support Systems
- Software and Systems Modelling
- Machine Learning and Internet of Things
- Software Systems, Architectures, Applications and Tools
- Media Education, Applied Technology and Communication
- Emerging Technologies in Corporate and Institutional
- Communications
- Digital Media, Society and Global Networks

### Important Information and Dates

- Final Paper Submission: **Friday, 12 August 2022 (Deadline)**
- Authors Notification: **Tuesday, 20 September 2022**
- Camera Ready and Registration: **Friday, 14 October 2022**
- Conference website: <https://iciset.nust.na/>
- Submit your paper at: <https://iciset.nust.na/submission-of-paper>
- Conference will be hybrid (online and physical)

The conference proceedings will be

hosted by Elsevier SSRN
