

**Friday, 11 June 2021**

**Dear Staff and Students**

**RE: Corrected 2021 NUST COVID-19 Statistics**

To date, the **active COVID-19 positive cases** recorded at the Namibia University of Science and Technology (NUST), are **pegged at 51**, whilst the total cumulative cases since the beginning of the pandemic are 121.

There are 20 new infections, which were reported between 08 June 2021 and 11 June 2021. These include ten (10) staff members and ten (10) students.

See statistics below.

Table 1: *Summary of the NUST COVID-19 Statistics (as at 11 June 2021, 08h00)*

Recoveries	68
Recovery Rate	56.2%
Newly Confirmed Cases	20
<b>Cumulative ACTIVE Cases</b>	<b>51</b>
Total Cumulative Confirmed Cases	121
Cumulative Confirmed Staff	81
Cumulative Confirmed Students	40
COVID-19-related Deaths	2

Colleagues and students, we need to remain cautious at all times and continue to support and protect each other during these unprecedented times.

Yours Sincerely,

Mr Kaitira E. Kandjii  
Director: Marketing and Communications
