Dear Staff and Students

RE: Current 2021 NUST COVID-19 Statistics

To date, the active COVID-19 positive cases recorded at the Namibia University of Science and Technology (NUST), are pegged at 63, whilst the total cumulative cases since the beginning of the pandemic are 133.

There are 16 new infections, which were reported from 11-14 June 2021. These include ten (10) staff members and six (6) students.

See statistics below.

Table 1: *Summary of the NUST COVID-19 Statistics*

Recoveries	68
Recovery Rate	48.8%
Newly Confirmed Cases (11-14 June 2021)	16
Cumulative ACTIVE Cases	63
Total Cumulative Confirmed Cases	133
Cumulative Confirmed Staff	89
Cumulative Confirmed Students	44
COVID-19-related Deaths	2

Colleagues and students, we need to remain cautious at all times and let us continue to support and protect each other during these unprecedented times.

Yours Sincerely,

Mr Kaitira E. Kandjii
Director: Marketing and Communications
