Dear Staff and Students

RE: 100% COVID-19 RECOVERIES AND CURRENT STATISTICS AT NUST

The Namibia University of Science and Technology (NUST) is pleased to inform its campus community that all cases of COVID-19 that have been recorded at the Institution have fully recovered. Furthermore, no new cases have been reported.

It must be noted that although there are currently no active cases at NUST, the campus community should continue exercising caution at all times, as the pandemic is still ongoing. All staff and students must continue following the COVID-19 national preventative guidelines.

Below are the current statistics at NUST:

Cumulative Confirmed Cases	18
Newly Confirmed Cases	0
Cumulative Recoveries	18
Active Cases	0

No staff/student is allowed to visit public places whilst in self-isolation, or awaiting test results, unless doing so for medical purposes. In addition, NUST will regard this self-isolation period as special leave with pay. Should a staff/student violate the condition of isolation, NUST reserves the right to institute disciplinary action. This provision also applies to anyone reporting a false case of COVID-19.

Campus security is instructed to ensure that all persons entering the NUST campus premises must wear a facemask, sanitise their hands regularly, maintain a social distance of not less than two (2) metres and that their body temperature is tested. Furthermore, anyone who exhibits symptoms associated with the virus is reminded to immediately report to the Ministry of Health and Social Services' Toll-Free number **0800 100 100**.

The University will continuously keep stakeholders updated on any significant developments with respect to these alerts.

Yours Sincerely,

Ms Kuda Brandt
Acting Director: Marketing and Communications
