Notice of Merger

Dear Valued Students

Kindly be informed that the Centre for Open and Lifelong Learning (COLL) is in the process of transitioning. In order to maximize efficiency in students, the Centre name has been changed to Department: Academic and Administrative Student Support (DAASS). This name change falls within the University's current realignment and restructuring exercise. The restructuring process fulfills our objectives of providing efficient and effective academic and administrative support to our entire student community at NUST.

The students will be guided thoroughly during this transitional phase that we are embarking on. Be assured that all necessary care and measures will be taken to ensure a seamless transition.

All information and important updates regarding the eLearning platform, timetable, and general enquiries will be communicated to all students in due course.

Thank you,

Enquiries:

Coordinator: Administrative Student Support:

Ms. Imelda Gaoses: +26461 207 2801 igaoses@nust.na
