Announcement

31 March 2023

Outstanding Fees

Please note that as per the fees booklet (Sections F.2.1.4 as well as F.4.2) students are expected to make monthly payments towards their tuition fees on or before the set deadline.

Failure to settle accounts by the stipulated date (02 May 2023 for Semester 1 Courses) will have a negative impact on your admission to the June/July examinations.

Students with outstanding debt who are due to graduate will not be allowed to attend the Graduation Ceremony. They will only receive their certificates once the account has been settled.

Please ensure that your account is kept up to date.
