InSTEM and Non-STEM Bridging Programmes

InSTEM (Introduction in Science, Technology, Engineering and Mathematics) Bridging Programme

Description: InSTEM is a one-year bridging programme that targets students who did not meet the admission requirements of programmes in Science, Technology, Engineering and Mathematics (STEM) at NUST. InSTEM will be offered subject to the demand and requirements of 15 students per class group at NUST Main Campus, Regional Centres and Satellite Campuses on a full-time basis.

The programme is designed to strengthen the competencies of students in sciences which include Physics, Chemistry as well as Mathematics. Successful students who meet the pass requirements of the InSTEM bridging programme, will be eligible for admission to undergraduate programmes in the STEM, provided they meet the specific requirements of the relevant Faculties.

Admission Requirements: 22 points on the Admission Point Scale, counting up to five subjects with a minimum D symbol in Mathematics and a minimum D symbol in any two of the three subjects: Physics, Chemistry and Biology at Grade 11/NSSC Ordinary Level.

Modes of Study: Duration Full-time 1 Year

Non-STEM (Faculty of Commerce, Human Sciences and Education) Bridging Programme

Description: The NUST Bridging Programme is a one-year course that enables students to gain foundational knowledge in the area of Commerce and Social Sciences. Upon successful completion of the Bridging Programme, you will be eligible to articulate into any of the three-year bachelor's degree programmes offered by the Faculty of Commerce, Human Sciences and Education (excluding regulated qualifications by professional bodies).

The bridging programme will, subject to demand, be offered at NUST Main Campus, Regional Centres and Satellite Campuses on Fulltime basis, through a blended mode of study (face-to-face and online).

Admission Requirements: A minimum of 22 points in the best 5 subjects at Namibia Senior Secondary Certificate Ordinary (NSSCO) Level or equivalent.

Modes of Study Duration: Full-time 1 Year

TVET-STEM (Technical and Vocational Education and Training) Bridging programme

Description: The new TVET-STEM Bridging programme is open to those who have completed their Namibia Training Authority (NQF) Level 3 in trade areas of Hospitality and Agriculture. No work experience is required. Upon successful completion of this programme students will be eligible for admission to the degree programmes which are in line with selected trades.

Admission Requirements: A minimum of 22 points in the best 5 subjects at Namibia Senior Secondary Certificate Ordinary (NSSCO) Level or equivalent. The TVET Bridging Programme is at level 4. Candidates with N3 level may apply.

Modes of Study Duration: Full-time 1 Year
