FEEDBACK TUTORIAL LETTER

2ND SEMESTER 2020

ASSIGNMENT 2

MANAGEMENT CONSULTING

(MCG821S)
ASSIGNMENT 02:

Discuss exactly how you would undertake a typical management consulting project from the LOGISTICS (WAREHOUSING) industry and what the final consulting report would look like (structure & contents) when you deliver it to your client.

100 marks

TOTAL: 100 marks

Your answer to the above mentioned assignment has been assessed as follows:

- Application and reference to the relevant theory contributes a 40% weight to the final mark;
- Your discussion should not have been merely listing, naming or providing the facts from other sources, but should have been well and uniquely argued. This discussion contributes an extra 10% of the mark obtained for the relevant theory discussion in point one above to the final mark;
- Use of your own words in your answers or discussion contributes an extra 5% of the mark obtained for the relevant theory discussion in point one above to the final mark;
- Use of practical examples to clarify or further explain the concepts in your answer contributes an extra 10% of the mark obtained for the relevant theory discussion in point one above to the final mark;
- When you refer to certain sources in your answers, you should have applied the APA House style referencing technique. Correct referencing in your answer contributes an extra 5% of the mark obtained for the relevant theory discussion in point one above;
- The correct use of the English language, grammar, spelling and syntax in your answer contributes an extra 5% of the mark obtained for the relevant theory discussion in point one above;
- Your final mark was lastly adjusted according to the indicated Turnitin similarity % on a sliding scale. If the indicated similarity % is less than 20%, you were credited with an additional 25% of the mark obtained for the relevant theory discussion in point one above. A sliding scale have been applied if the indicated similarity % is higher than 21% as follows: an extra 20% of the mark obtained in point one above was added if your similarity % is between 21 – 30%; an extra 15% of the mark obtained in point one above was added if your similarity % is between 31 – 40%; an extra 10% of the mark obtained in point one above was added if your similarity % is between 41 – 50%; an extra 5% of the mark obtained in point one above was added if your similarity % is between 51 – 60%; If your similarity % is higher than 60%, you have received no additional marks added to your final mark.
### The following rubric was applied to assess your answer:

</tbody>
</table>
Half of the theory marks should be accredited to an answer that refers to the relevant underlying theory and half of the marks should be accredited to an answer that refers to specific **LOGISTICS (WAREHOUSING)** industry activities (not only mentioning generic terms).

The maximum marks could be allocated for the underlying theory if the answer has similar meanings or explanations to support the context and arguments or key words/sentences contained in the list of components supporting the facts and arguments as presented in the list provided below:

**EXAMPLE PROJECT REPORT:**

Consulting Report

**Executive summary**

Sree Subramania Ayurvedic Nursing Home was founded between the years 1875 and 1880 by the late Thekkayil Achunthsn Vydar and Sri T.P Vaidyar, an adapt Sanskrit and Vedic scholar from the Thekkayil. Thekkayil family is one of the oldest families in the Malabar region of Kerala known for pursuing Ayurvedic practices from the sixteenth century. The manuscript and records written by the forefathers of the present incumbents on Ayurvedic treatments have been in existence for over 400 years. Thekkayil Rajaratnam converted Thokkayil Vaidyasala into SSANH in 1974. The founders conceived this nursing home to provide medical support to the local needy. Thekkayils are the most trusted physicians and SSANH is able to maintain its reputation through high-quality medical care is the practice of using their own patented medicines, which is produced by Sree Subramania Ayurvedic products (SSAP). In spite the achievements and fame of SSANH one of the partners, Dr. Sanand felt that SSANH is not functioning to its full potential. Dr. Sanand wanted to rethink the positioning of the 400 year-old family business system with an objective to increase the number of people served by SSANH.

**The key findings from the project were**

The father and son have contrasting ideologies for the business, thinking about the decision to proceed with the expansion plan and other future plans of action. There is no succession planning policy.

**Key outputs**

SSANH decided to expand internationally and locally.

**Introduction**

The SSANH since its establishment in 1875 has never change its traditional ways of business, in order to be in track with technological advances.

In stage 1, Client Liaison/Consultation, this phase includes minute taking through in-depth interviews and discussions to get a quick overview of the company.

In stage 2&3, a comprehensive SWOT analysis was conducted as a Business process/research this gave an overview of the internal and external environment of Sree Subramania Ayurvedic Nursing Home and are therefore minute/administrative work done.
In stage 4, the marketing expert involves the restructure of the marketing strategy, all activities to improve the marketing strategy in order to survive in this technological advances.

In stage 5, technical expertise involves re-engineering of the business processes and software program and how they will be implemented in the company the best way suited to please our patients and yet remain relevant.

In stage 6, this stages involves the restructure of the Sree Subramania Ayurvedic Nursing Home in order to accommodate the increasing number of patients, which increases the standard reputation.

In stage 7, this is our financial expertise who is to guide with the usage of funds. Prevent the misuse of funds/use of funds inappropriately.
