

NUST - Defining futures!!

NUST prides itself in quality education for future leaders. We strive to meet the needs of our students.

“But I do not meet the admission requirements....”

Then InSTEM is for you - now also in Walvis Bay!!

InSTEM is a one year bridging programme for prospective students who do not meet all the admission requirements for STEM undergraduate programmes. What are STEM programmes? Science, Technology, Engineering and Mathematics programmes. The IntSTEM (Introduction to Science, Technology, Engineering and Mathematics) bridging programme is designed to strengthen competencies in basic sciences and mathematics. Students who successfully complete the bridging programme will be eligible for admission to undergraduate programmes in various faculties depending on the specific requirements of the relevant faculty.

Why should you join the NUST community?

- Multiple pathways for excellent education
- Competitive national diplomas, undergraduate degrees and post-graduate degrees
- International partners and stakeholders
- Applied research
- eLearning options
- ICT labs
- Equipped laboratories
- Highly qualified and dedicated lecturers

Deadline: 30 November

Application Fee: N\$ 165.00
