NAMIBIA UNIVERSITY
OF SCIENCE AND TECHNOLOGY

Guide to Prospective Students 2027

Vision

A premier technological university known for knowledge creation, innovation, and entrepreneurship.

Mission

An engaged and responsive university, meeting the needs of stakeholders through excellent education, applied research, innovation and service.

Disclaimer: Although the information contained in this booklet has been compiled as accurately as possible, the University accept no responsibility for any errors and omissions, which may occur.

Due to the rapidly changing external environment that many programmes operating, and the university's desire to remain constantly relevant in its o. erings, some programmes may be significantly amended after the publication of this booklet. Please visit our website for the latest versions of our curricula, syllabi and academic regulations.

About NUST

NUST is at the forefront of higher education in Namibia. The University offers various Certificates (under- and post-graduate), Diplomas, Bachelor, Bachelor Honours, Master's and Doctoral degrees in more than 60 programmes.

The University comprises the Main Campus, located in Windhoek; three Satellite Campuses in Lüderitz, Eenhana, and Rietfontein; and nine Regional Centres across Namibia. It is further structured into four Faculties, namely: the Faculty of Computing and Informatics; the Faculty of Commerce, Human Sciences and Education; the Faculty of Engineering and the Built Environment; and the Faculty of Health, Natural Resources and Applied Sciences.

NUST is also the first Namibian higher education institution to have established a dedicated Quality Assurance Unit its programmes are accredited by, among others, the National Council for Higher Education (NCHE) and the Namibia Qualifications Authority (NQA). The University enjoys a cherished partnership with industry, public sector and civic society through various initiatives such as curriculum advisory boards, work integrated learning and joint research.

Students are equipped with a blend of contemporary knowledge, skills and competence acquired in classrooms, simulation laboratories, through field work and job attachments, to drive competitiveness in the knowledge economy. NUST graduates are sought after in the Namibian labour market and beyond, and are accepted for further studies in other universities internationally.

General Information

Thank you for considering the Namibia University of Science and Technology for your further studies. You certainly are making the right choice to choose our world ranking university.

Intake of new students are taking place only once per year, however, some postgraduate programmes (if research based), might consider your application throughout the year.

This booklet is compiled to give you important information regarding the application process to make the process as smooth as possible for you.

Contact numbers or email addresses are provided to you throughout the booklet, to enable you to contact the correct persons when you apply.

Below you will find all the information that you will need to apply.

Due dates for Applications:

Ordinary Applications: Friday, 25 September 2026

Mature Age Entry: Friday, 11 September 2026
(no late applications will be considered)

Late Applications: Friday, 30 October 2026

Application Fees (non-refundable):

- **Undergraduate Studies:** N$ 240 (Manual)
- **Postgraduate Studies:** N$ 360
- **Late Applications:** N$ 690
- **Online Applications:** N$ 150 (***Undergraduate only***)

Payment Options

Please DO NOT send cash in the post. We also DO NOT accept postal orders. Preferably make a deposit through the bank.

Bank Deposits or EFT:

Namibia University of Science and Technology, First National Bank, Account Number: 55500126319, Branch Code: Corporate Branch, 281872, International Swift Code: FIRNNANX. Original deposit slips MUST accompany the application form (keep a copy of the deposit slip for your own record).

Cash Payments

Cash payments can be made at the Student Administrative Service Centre, 13 Jackson Kaujeua Street, Windhoek, or at any NUST Satellite Campus or Regional Centre..

The NUST Admission Point Score

NUST uses the Admission Point Scale to facilitate admission based on your school-leaving results. Your school-leaving subject symbols or percentages are converted into points, then added up to determine if you have obtained the minimum number of points required to be considered for entry into your preferred programme of study.

Note:

1. English is always counted in the calculation of points.
2. Mathematical Literacy (NSC) is not accepted for programmes requiring Mathematics as an admission requirement.

The National Qualifications Framework (NQF)

The National Qualifications Framework is a register of all relevant and legal qualifications in Namibia kept by the Namibia Qualifications Authority. The NQF is made up of ten Levels, each representing a different Level of complexity in learning and/or the application of knowledge and skills learnt.

NQF Level	Type of Qualification at NUST
10	Doctorate
9	Master
8	Honours, Professional Bachelor Degree, Postgraduate Diploma, Postgraduate Certificate
7	Bachelor Degree
6	Diploma
5	Certificate

Types of Applications and Admission Requirements

Type	Who should apply?	Minimum Admission Requirements
Undergraduate Studies		
General Admission Requirements	Applicants in possession with a final year school-leaving certificate or current Grade 11 (Namibia only) or Grade 12 learners.	25 points in 5 subjects including a minimum E-Symbol in English on NSSC Ordinary Level.
Mature Age Entry Scheme	Applicants who do not meet the General Admission Requirements, but who have passed at least Grade 10/ Standard 8.	**Applicants must:** - have reached the age of 23 years on 1 January of the academic year for which admission is sought; - have at least a Junior Secondary Certificate (Standard 8/Grade 10); - show evidence that they have worked for at least three years and; - pass the NUST Numeracy and English Language Proficiency tests will take place from **17 to 18 September 2026 from 13h00 to 18h00 and on 19 September from 08h00 to 14h00.**
Advanced Standing		
Advanced Standing	Applicants with NQF Credits or qualifications from other accredited institutions of higher learning who would like to enter higher study levels within a programme.	**Admission with advanced standing shall be considered under the following conditions:** · NQF Credits must make up at least the equivalent of one study period (one semester or one year) of the programme for which advanced standing is applied for; and · NQF Credits must not be older than eight years and must be presented in an official original academic transcript from the institution concerned.
Postgraduate Studies		
Honours Degree		At least a Bachelor's degree at NQF Level 7 or equivalent.
Master Degree		At least a Bachelor Honours degree at NQF Level 8 or equivalent.
Doctoral Degree		At least a Master's Degree at NQF Level 9 or equivalent.

Notes:

1. Individual programmes may have additional admission requirements.
2. For additional admission requirements please consult the relevant NUST Yearbook.

Rules for Applying

General Rules:

- Before you apply to NUST please familiarise yourself with the programmes/qualifications on offer as well as the admission requirements.
- Submit only ONE application. Make sure that you complete the entire application form.
- Incomplete applications will not be considered for admission.
- All documents as stipulated on page 8 of this Guide must be enclosed with your application.
- We do not accept faxed copies of application forms or supporting documents.
- You will need a **valid email** address since all admission correspondence to you will be conducted via email.
- After registration, you will be assigned with a free NUST email address, where all your future correspondence will be send to. No private emails will be used for correspondence after registration.

Applications for Undergraduate Studies:

You are welcome to apply online. See page 7 for further details.

Note: Applications for undergraduate studies via Mature Age Entry, Advanced Standing or Resumption of studies can only apply manually. Download the application form from our website at www.nust.na

Submission of application forms:

Applicants can apply only manually. Application forms are available on our website at www.nust.na.

Enquiries

Physically or by courier services:
NUST Admissions Department, Administrative Building
or any Satellite Campus or Regional Resource Centre.

Note: Applications will not be accepted via email.

How to apply

Manual Applications

Download application forms from our website at www.nust.na. Complete the applications form as per instructions on the form, attach your documents and deliver at the Admissions Desk, Administrative Building Main Campus, or at the nearest Regional Centre.

Applications can also be couriered to: The Admission Department, 13 Jackson Kaujeua Street, Windhoek Namibia.

Online Applications

When applying online, applicants can do so from the comfort of their home or workplace. Applicants receive immediate confirmation that their application has been submitted and can track its progress throughout the evaluation process.

To apply, access the NUST website at **www.nust.na**, click on the "**Prospective Students**" link, and follow the steps below.

Follow the steps below:

Part A: Biographical Information:

Complete your Biographical Information and click on "save". The system will automatically take you to the next step, "create your pin number".

Note: You must provide a valid email address since all correspondence will be via email.

Part B: Create your Pin Number:

A reference number will be created for you. Continue to create your pin number and click on "create pin". The system will automatically take you to the "Student Kiosk".

Note: The pin must be 5 numeric digits. It should not start with a zero (0) and must not contain any double digits. Remember your reference number and pin.

Part C: Complete your application: Click on "Application".

Step 1: Confirm that your biographical information is correct. Also ensure that your email address is correct, by clicking on "Personal contact detail".

Step 2: Pay your application fee of N$150 using your debit/credit card. A waiting period of 20 minutes is required before the payment will reflect on your account and you can continue with your application.

Step 3: Acceptance of the Declaration and Undertaking is mandatory and serves as your electronic signature. The indicator will be stored on your student file and can be used as a legal agreement in a dispute/disciplinary matter.

Step 4: NUST strives to create opportunities for people with disabilities. In many instances we have not yet eliminated all the barriers, it would therefore be helpful for us to know in advance whether you have any special needs so that we can work together to achieve equal access to the programme. If you have any disability, kindly complete this step - if not, you may skip it.

Step 5: Capture your Grade 11/12 results. Current Namibian learners must use their latest school results to apply.

Step 6: If you have any post Grade 12 qualifications, you can complete this step – if not, you may skip it.

Step 7: Choose the qualification you want to study. E.g. If you would like to study accounting, type "accounting" in the field and choose the qualification you wish to study.

Final Step: Your application will be incomplete without the necessary documents being uploaded. Your documents should be scanned and converted to PDF format.

Our Admissions Officers are on standby to assist you. Should you have any problems regarding the online system, send an email to **admissions@nust.na** or call us at +264 61 207 9999.

Supporting Documents

The following certified copies must accompay your application:

- Identity Document/Birth Certificate (Namibian citizens); Passport (non-Namibian citizens);
- Proof of payment (e.g. original bank deposit slip) or receipt for applying manually;
- Latest school results e.g. Namibian Senior Secondary Certificate (NSSC);
- Current Grade 11 and 12 learners must apply with their mid-term results;
- Declaration and undertaking - If you are under the age of 18, the form must be co-signed by your legal guardian or parent.

In addition to the above-mentioned documents, the following applicants must also submit the indicated documents:

- Mature Age Entry Scheme Applicants: Reference letter from employer indicating your years of experience as well as the job title.
- Postgraduate Applicants: Certified copies of qualification(s) obtained after Grade 12 (e.g. Diploma, Degree, etc.) and Original Academic Record/Transcripts. For Masters' and Doctoral Programmes applicants must also attach a proposal motivational letter and CV with at least three referees.
- Advanced Standing Applicants: Original Academic Record transcripts and complete syllabi.
- Foreign Applicants: Latest qualification in original language and a translation if the qualification is in a language other than English, NQA Evaluation if the qualification is obtained outside the SADC

The Selections Process

During November/December 2026 applicants will receive the following:

Final Offers:

- Applicants who finished Grade 11 or 12 before the 2026 school year.
- Applicants who applied through Advanced Standing and the Mature Age Entry Scheme.
- Ex-NUST students who applied to resume their studies.
- International applicants who applied with their final school results.

Provisional Acceptance / Rejection

- Applicants who are currently in Grade 11 or 12 and who applied with their mid-year school results.
- Applicants who are currently upgrading their Grade 11 or 12 results.

Applicants, who received provisional acceptance letters, will receive final offers during January 2027, at least two weeks, after the release of the final results by the Ministry of Education. This will include applicants who received rejection letters based on their admission point scores, and who improved their final results.

There is no need for applicants to visit the campus unless he/she received an invitation letter for final selections.

Registration

Registration of students who have been selected and who have applied during the application period in 2026 takes place during January 2027. Registration dates will be communicated to all applicants via email, by November/December 2026.

Information for International Students

International students are required to prepare all necessary supporting documents before travelling to Namibia.

Application to the University

Follow steps Part A, Part B and C for the online application (page 7) on **https://www.nust.na/admissions**

NB:

- All documents must be in English or officially translated into English.
- Applicants' qualifications should be evaluated by Namibia Qualifications Authority (NQA). It is the applicant responsibility to ensure that the qualifications are evaluated.
- All documents must be certified.
- Original documents must be brought along.
- A valid passport is mandatory.

STUDY PERMITS

Completed application forms (available on the MHAISS website: Documents – *MHAISS Portal Ariel* **https://mhaiss.gov.na/immigration-control)**

Study Permit Requirements Documents	
1. Proof of registration	7. Original Police Clearance from the country of origin
2. Copy of passport pages (personal details and current visa/permit)	8. Written undertaking with sponsor's valid contact details
3. Two (2) passport-sized photographs	9. Motivation letter stating reasons for studying in Namibia
4. Completed Namibian Medical Certificate	10. Proof of medical aid cover
5. Completed Namibian Radiological Report	11. Lease agreement or proof of residence in Namibia
6. Deed of Surety	12. Progress report from previous school/institution

PLEASE NOTE / PRE-ARRIVAL PLANNING:

1. First-year students over 18 must provide a Police Clearance Certificate from their home country, while senior students need a local certificate.
2. We advise students to use only reputable agents, or ideally to apply without agents, and to reach out to the University for assistance if any challenges arise.

Please note that the institution and the Ministry cannot be held accountable for any fraudulent activity if an agent has been used.

ADDITIONAL INFORMATION				
Permit Type	**Purpose**	**Allows Study?**	**Allows Work?**	**NUST Registration Allowed?**
Study Permit	Full-time academic study only	Yes	Only if legally authorised	Yes, provided the visa remains valid and the holder has lawful stay in Namibia.
Work Permit	Employment only	No (unless special permission is granted)	Yes	Yes, provided the visa remains valid and the holder has lawful stay in Namibia.
Spousal Permit	Residence based on marriage only	Subject to conditions	Subject to endorsement	Yes, provided the visa remains valid and the holder has lawful stay in Namibia.
Permanent Residence Permit	Indefinite residence	Yes	Yes	Yes, provided the Permanent Residence Permit remains in force and the holder continues to comply with all applicable immigration requirements.
Diplomatic Permit	Full-time academic study	Yes	Requires permission from Ministry of International Relations and Trade	Yes, provided the visa remains valid and the holder has lawful stay in Namibia.
Tourist / Visitor Visa	Short-term visit	No	No	Yes, provided the visa remains valid and the holder has lawful stay in Namibia

Registration

Takes place during January 2027.

You need to have a valid passport, original documents for your high school certificate, admission letter and registration fees for you to be able to register.

Enquiries:

Ms Alma Kiimba,
Acting International Students Liaison Officer,
T: +264 61 207 2727; E: akiimba@nust.na

Tuition Fees

For information regarding fees and subjects kindly see our Fees Booklet at **www.nust.na.**

Tuition fees DO NOT include other expenses such as books (except study guides for distance education students), stationery, accommodation, transport, etc.

Enquiries regarding payment of application and tuition fees:

Student Debtors

T: +264 61 207 2888
E: studentdebtors@nust.na

Hostel Accommodation

Three hostels on campus provide a bed capacity of 417 to both male and female full-time students. Due to limited spaces available, preference is given to students residing outside the boundaries of the City of Windhoek. The Kitchen Services provide students with a wide range of nutritional meals served at breakfast, lunch and dinner. All residence students will be levied 50% of the meal fees per semester which is payable whether meals are taken or not. Application forms for Hostel Accommodation can be found on the NUST Website at www.nust.na. Registration for residence is done per semester.

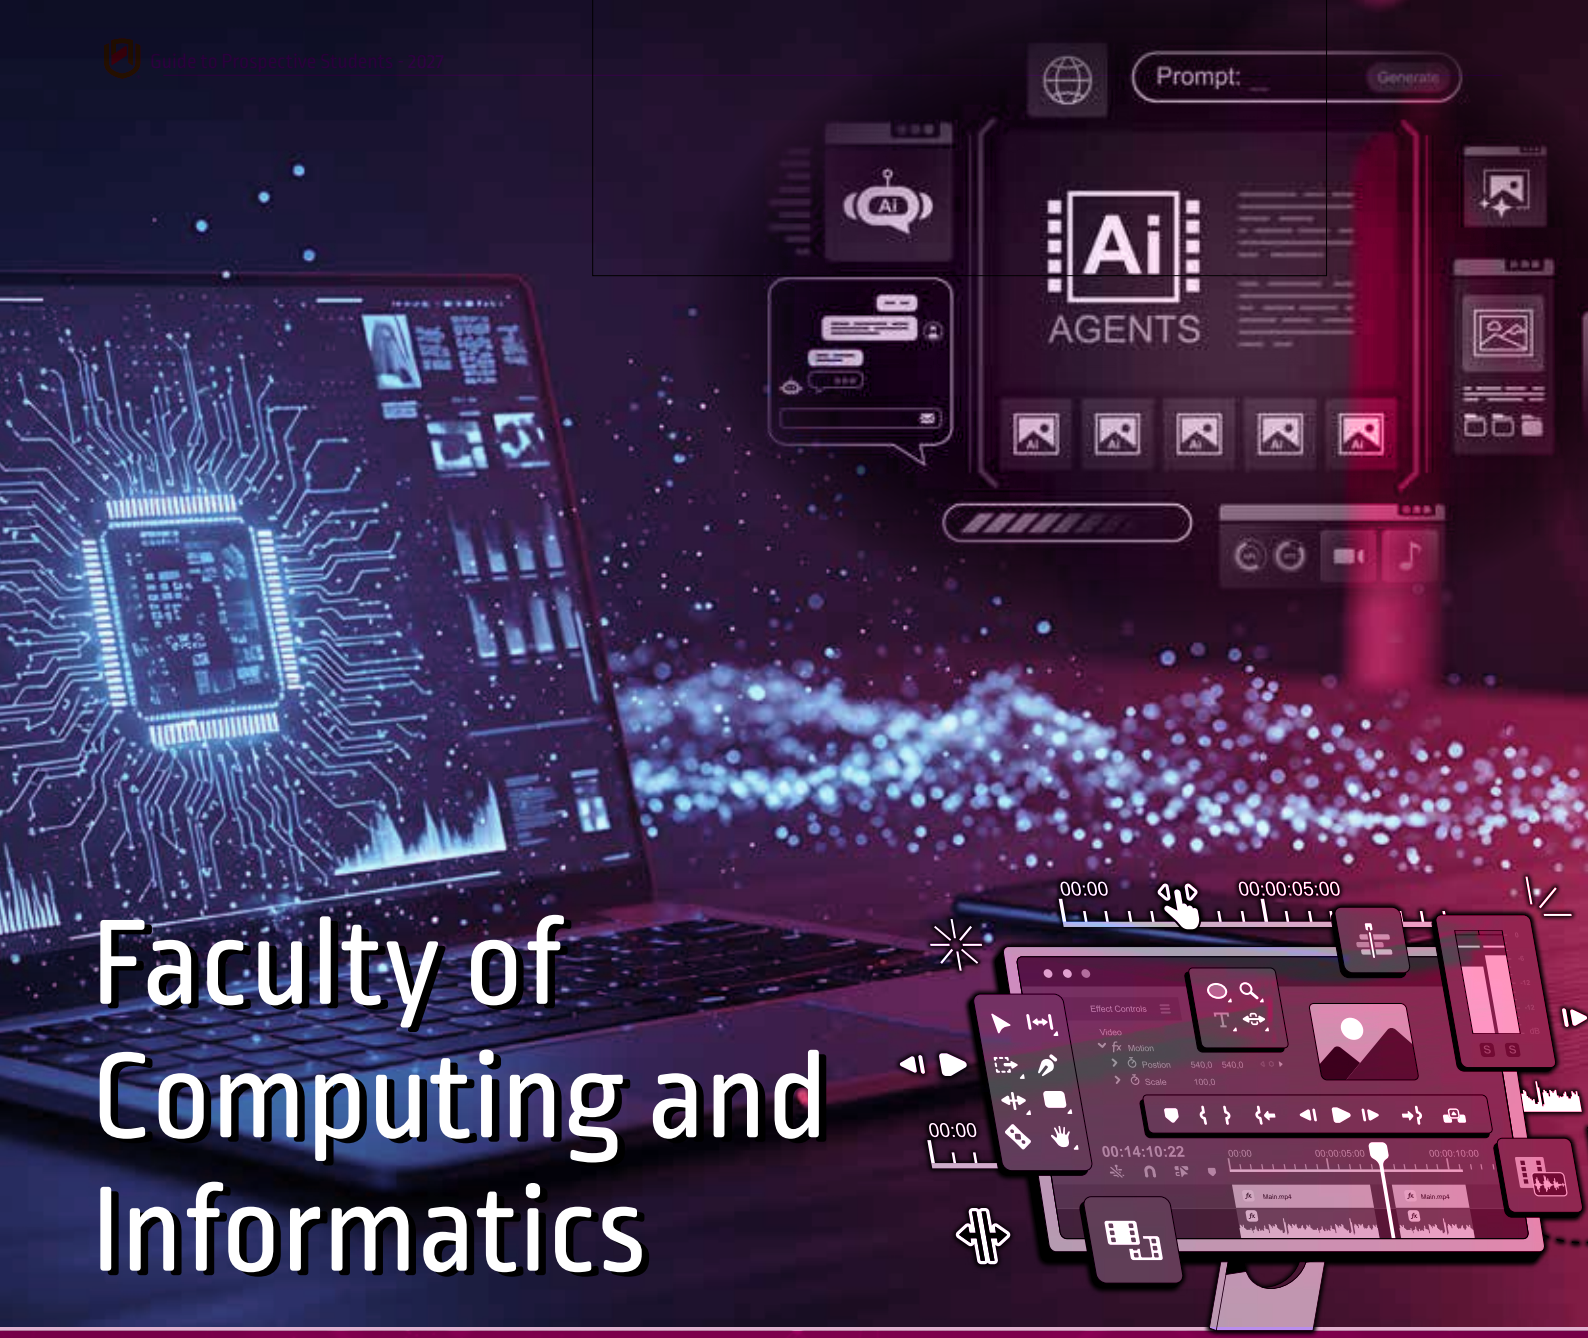

Student Activities

- **Sport and Culture:** Sports provide a platform for students to participate in a variety of sport codes while cultural activities encourage cultural heritage including a week-long cultural festival, crowning of "Mr and Miss NUST" and other activities.
- **Job-placement Services:** Provide students with career guidance counselling e.g. Workshops in CV writing and job-hunting skills, career guidance programmes e.g. annual Career Fair, graduate recruitment programme and job placement of students.
- **Health Services Clinic:** Provides primary health care, focusing on the prevention of illness and promotes a healthy lifestyle and general hygiene.
- **Social Welfare Services:** Focuses on social problems and promotes mental health for students. Various workshops take place throughout the year on topics ranging from relationships, sexual harassment, stress management, alcohol and substance abuse, etc.
- **Student Counselling and HIV/AIDS Coordination Services:** Provides academic and HIV pre- and post-test counselling. Various events take place throughout the year, e.g. Leadership workshops, HIV/AIDS Awareness Campaign, HIV/AIDS Peer Counselling Training, etc.

Services Offered:

- **E-Learning:** E-Learning is a method of learning utilising electronic technologies to access educational curricula outside of a traditional classroom. This means you can study anywhere and at any time, perfect for the busy student.
- **Free web-based email and student web service:** Allows students access to student records, financial statements, examination time-tables, etc.
- **Different Societies/Clubs:** NUST Debating Society, Religious Societies, Women in Engineering Society, Aids Awareness Club, etc.

UNDERGRADUATE PROGRAMMES

Minimum Admission Requirement(s): A minimum of 25 points in five (5) subjects on the NUST Admission Point Scale including an E-symbol in English on NSSC Ordinary Level.

Mode of Studies: Classes are offered face-to-face on full-time (during the day-time) and part-time (during night time)at the Windhoek Main Campus only.

Duration: 3 Years

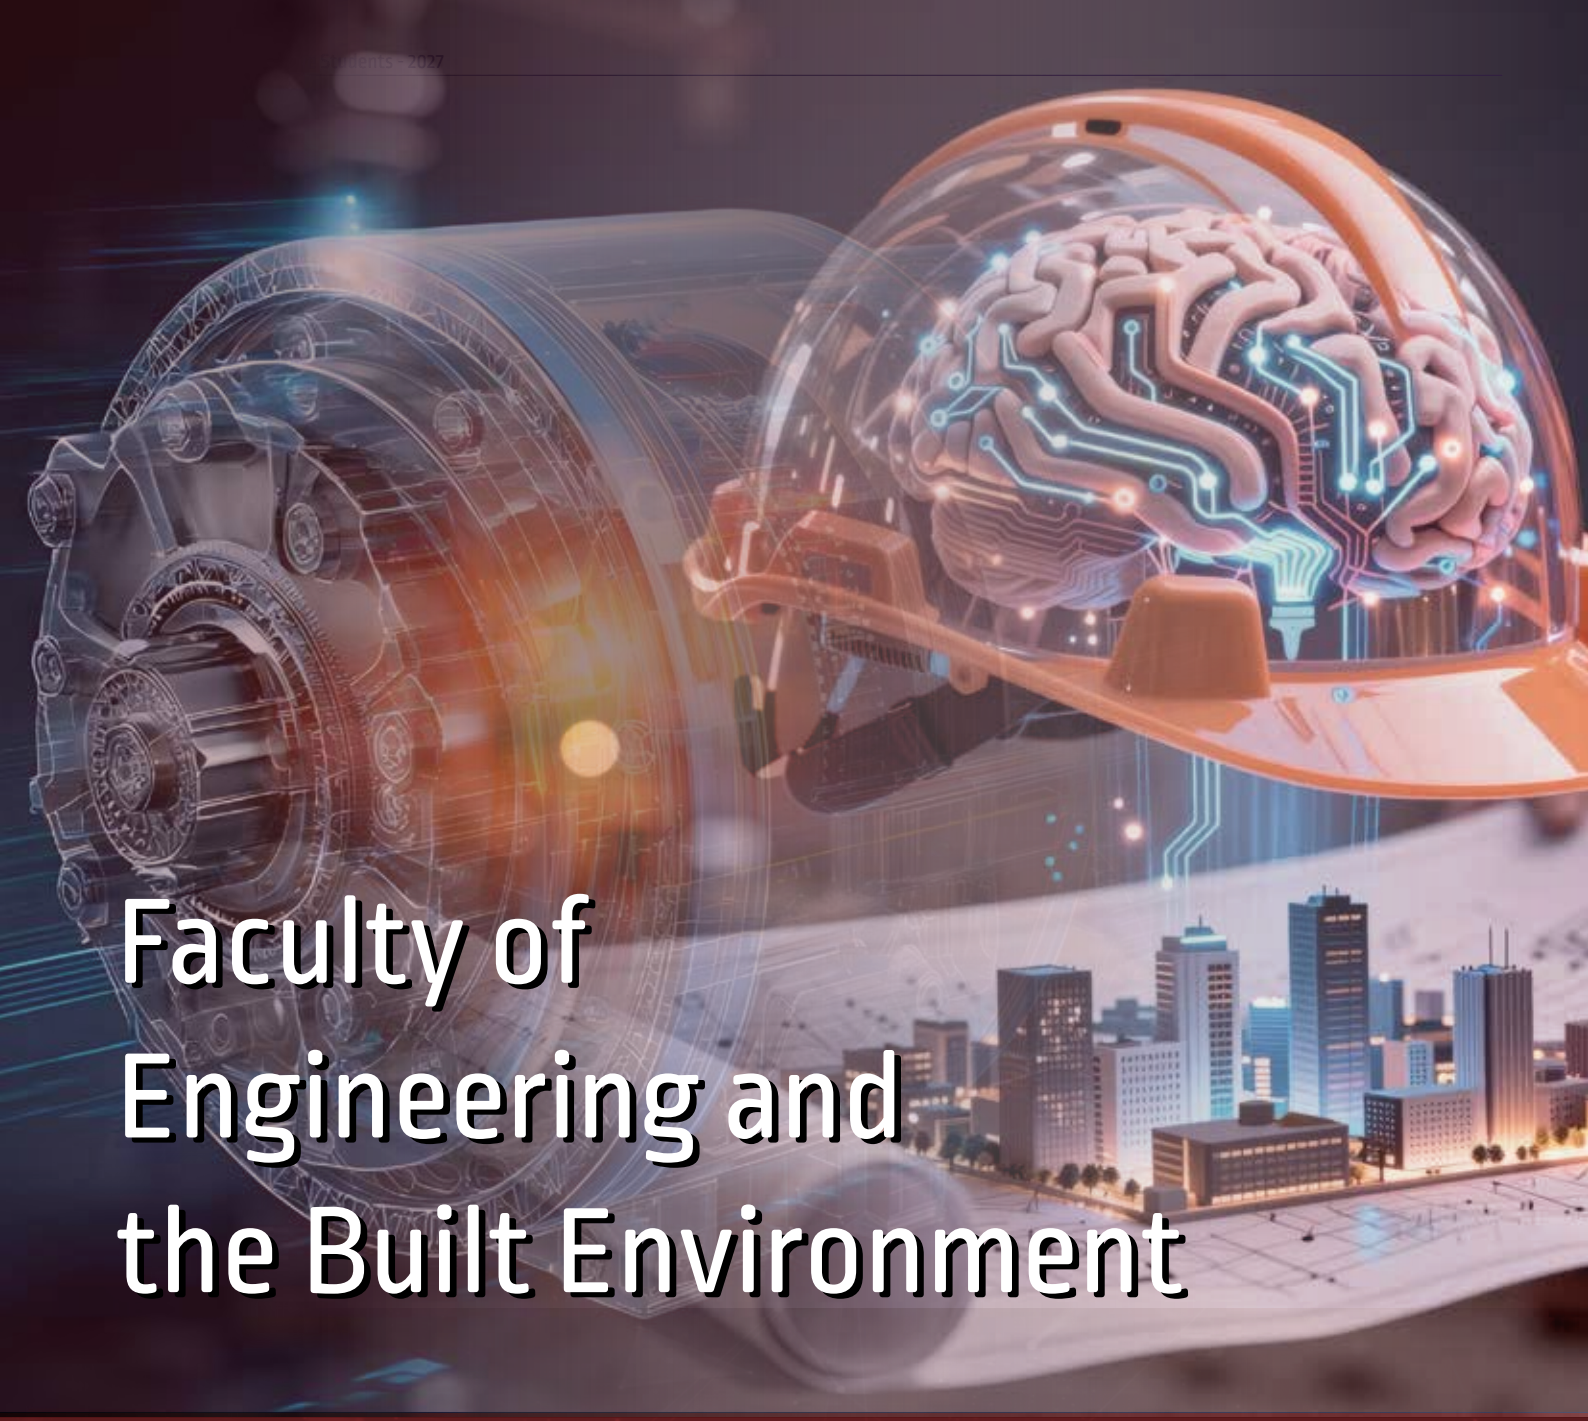

Note: Admission via the Mature Age Entry Scheme is not accepted for this school, except for the Bachelor of Journalism and Media Technology.

Programme	Programme Code	Admission Requirement(s)	Illustration of Career Possibilities
SCHOOL OF COMPUTING			
Bachelor of Computer Science	07BCCS	D-symbol in Mathematics on NSSCO or an E-symbol on NSSCAS.	Software Engineer, Systems Administrator, Communication Networks Specialist, Computer Network Architect.
Bachelor of Artificial Intelligence	07BOAI	B-symbol on NSSCO in Mathematicson NSSCO or an e-symbol on NSSCAS.	AI Engineer, Machine Learning Engineer, Knowledge Engineer, Data Engineer, Data Scientist, Big Data Analyst, Robotics Engineer, Business Intelligence, Computer Vision Engineer, NLP Engineer
Bachelor of Computer Science in Cyber Security	07BCCY	C-symbol in Mathematics on NSSCO or an e-symbol on NSSCAS.	Security Software Developer, Cyber Security Consultant, Cryptanalyst, Cyber Security Analyst or Cyber Security Administrator.
SCHOOL OF INFORMATICS			
Bachelor of Informatics	07BAIN	D-symbol in Mathematics on NSSCO or an e-symbol on NSSCAS	Informatics Specialist, Analyst Programmer, Systems Analyst, Information Architect, Web and Data Analyst.
Bachelor of Journalism and Media Technology	07BJOU	D-symbol or better in English on NSCO. A pass in a special English test as well as a journalism related general knowledge test. Entry via the mature age entry scheme is accepted with a minimum pass rate of 50% in the English Proficiency and Mathematics tests.	Journalist, Public Relations Practitioner, Communication Specialist, Media Designer, Photographer/Videographer, Entrepreneur in the media industry.

POSTGRADUATE PROGRAMMES			
Programme	**Programme Code**	**Admission Requirement(s)**	**Duration (Years)**
SCHOOL OF COMPUTING			
Bachelor of Computer Science Honours: · Communication Networks · Software Development	08BCNH 08HBCS	· A Bachelor degree in Computer Science or related degree at NQF Level 7 worth at least 360 credits. Applicants must attach the following to their application: · A professional resume, highlighting practical and professional computing experience; · A written proposal/motivation for undertaking further studies; and · Transcipts/ Academic Record of undergraduate Studies.	1
· Bachelor of Artificial Intelligence Honours	08BAIH	· A bachelor's degree of Artificial Intelligence NQF Level 7 from a recognised institution. · Applicants who do not meet this requirement but have a related Bachelor degree at NQF level 7, or applicants with a Bachelor degree at NQF level 7 from other fields from a recognised institution with professional experience in artificial intelligence or data science may be considered for admission if they successfully pass an entry examination.	1
· Bachelor of Digital Forensics Honours	08BDFH	· A bachelor's degree in Computer Science, preferably in Cyber Security, Systems Administration, and Communication Networks or an equivalent qualification at NQF Level 7 from a recognised institution worth at least 360 credits.	1
· Bachelor of Human-Computer Interaction Honours	08BHUH	· A bachelor's degree in Informatics or Computer Science from the Namibia University of Science and Technology (NUST), or an equivalent qualification at NQF Level 7 from a recognised institution, worth at least 360 credits.	1
· Bachelor of Information Security Honours	08BISH	· A bachelor's degree in computer science, preferably in Cyber Security, Systems Administration, and Communication Networks or an equivalent qualification at NQF Level 7 from a recognised institution worth at least 360 credits	1
Master of Computer Science	09MACS	A Bachelor Honours Degree on NQF Level 8 related to computer science. Applicants must provide evidence of having conducted supervised research. Applicants need to attach transcripts, CV and motivational letter indicating area of research interest.	2
Doctor of Philosophy in Computer Science	10DPCS	A Master of Computer Science or related degree on NQF Level 9. Applicants must provide evidence of having conducted supervised research on this level. Applicants need to attach transcripts, CV and motivational letter indicating area of research interest.	3

SCHOOL OF INFORMATICS			
Bachelor of Data Science Honours	08BDAH	A bachelor's degree in the following fields: Informatics, Information Systems, Computer Science, Statistics, Engineering, Mathematics, Physics or equivalent qualification in a related field at NQF level 7 worth at least 360 credits, from NUST or a recognised institution	1
Bachelor of Informatics Honours: · Web Informatics · Business Informatics	08BHWI 08BHIB	A Bachelor degree in Informatics or an equivalent qualification at NQF Level 7 worth at least 360 credits. Applicants needs to attach a CV and transcripts.	1
Bachelor of Journalism and Media Technology Honour	08BJOH	A Bachelor of Journalism and Media Technology or equivalent qualification at NQF Level 7.	1
Postgraduate Certificate in Informatics (Information Systems Audit)	08PGIN	A three-year advanced diploma or Bachelor degree or an equivalent qualification at NQF Level 7. Two years relevant working experience. Applicants must submit a professional resume, highlighting practical and professional experience.	1
Master of Data Science	09MADS	A Bachelor Honours Degree in any one of the following fields: Computer Science, Informatics, Information Systems, Statistics, Engineering, Mathematics or Physics. All applicants' proficien y in Mathematics for Data Science will be assessed. Applicants are required to submit the following documents: · A professional resume highlighting practical experience in computing, Engineering, or data modelling. · A written proposal or motivation for undertaking further studies.	2
Master of Informatics	09MAIN	A Bachelor Honours degree at NQF Level 8 or equivalent qualifications from recognized institutions in disciplines related to Informatics. Applicants need to provide evidence of having conducted supervised research. Applicants need to attach to their application: · A professional resume with at least three references · A Research Proposal	2
Master of Journalism and Media Technology	09MJMT	A Bachelor of Journalism and Media Technology at NQF Level 8. Applicants must provide evidence of having conducted supervised research.	2
Doctor of Philosophy in Informatics	10DPIN	A Master of Informatics or related degree at NQF Level 9. Applicants must provide evidence of having conducted supervised research on this level. Applicants need to attach transcripts, CV and motivational letter indicating area of research interest.	3

UNDERGRADUATE PROGRAMMES

SCHOOL OF ENGINEERING

Minimum Admission Requirements:

Bridging Programme: A minimum of 25 points in five (5) subjects at NSSC Ordinary level with a C-symbol in Mathematics, Chemistry and Physics. Additionally a minimum of E-symbol is required in English language. The Faculty of Health and Applied Sciences requires also a C-symbol in Biology on NSSC Ordinary Level

Bachelor of Technology Degrees (B.TECH): A minimum of 30 points in five (5) subjects that must include Mathematics, Physical science and English; with a minimum of at least Grade 3 on NSSCH or A-symbol on NSSCO or D-symbol on NSSCAS in Mathematics, Physics and Chemistry or pass the InSTEM programme with a score of at least 50%.

Professional Engineering Degree (B.Eng): A minimum of 37 points in five (5) subjects that must include at least Grade 3 in Physical Science and Mathematics on NSSCH or D-symbols on NSSCAS in Chemistry, Physics and Mathematics or a pass of the InSTEM programme with a score of at least 60%.

Mode of Studies: Full-time (Main Campus – Windhoek only)
Duration: 4 Years

Programme	Programme Code	Illustration of Career Possibilities
Introduction to Science, Technology, Engineering and Mathematics (one year programme)	04SMET	Bridging programme: On completion of the bridging programme, students can enroll for the 1st year of studies in any programme of their choice in the STEM fields in all NUST faculties. **This programme is also offered at all Satellite Campuses and Regional Centres.**
Department of Civil, Mining and Process Engineering		
Bachelor of Technology in Civil Engineering	07BECV	Engineering technologists in fields like construction, manufacturing, product design, testing, technical services and sales etc.
Bachelor of Engineering in Civil Engineering	08BCEN	Professional Engineer (structural, transportation, water and geotechnical engineering).
Bachelor of Engineering in Mining	08BMEG	Mining Engineer, Consultant, Junior Lecturer, researcher, Environmental and Safety Practitioners, Banking and Insurance Risk Managers, Project Engineer, Mine Manager.
Bachelor of Engineering in Metallurgy	08BEMT	Metallurgist, project or process engineer, project or process manager, plant or refinery manager, business improvement specialist, mine manager, entrepreneur.
Bachelor of Engineering in Chemical Engineering	08BECE	Chemical Engineer, Environmental and Safety Practitioners, Risk Managers in Financial and Investment projects, Process Engineer, Quality Control engineer, Plant or Refinery Manager.
Department of Mechanical, Industrial and Electrical Engineering		
Bachelor of Technology in Power Engineering	07BPEN	Engineering technologists in areas of power distribution to domestic to large commercial complexes.
Bachelor of Technology in Electronic Engineering	07BELL	Engineering technologists in areas of telecommunications and radio/TV broadcasting, repair of electronic equipment and systems.
Bachelor of Technology in Mechanical Engineering	07BMEC	Engineering technologists in areas of mechanical engineering like mechanical design, energy conversion, materials testing, manufacturing processes, product safety and reliability etc.
Bachelor of Engineering in Electrical Power Engineering	08BEEP	Professional Engineers in the areas of power distribution.
Bachelor of Engineering in Electronics and Telecommunication Engineering	08BEET	Professional Engineers in areas of telecommunications and radio/TV broadcasting, design or electronic equipment and systems.
Bachelor of Engineering in Mechanical Engineering	08BEME	Professional Engineers in areas of mechanical engineering regarding mechanical design, materials testing, manufacturing processes, product safety and reliability.
Bachelor of Engineering in Industrial Engineering	08BIND	Industrial Managers in private and public sectors such as manufacturing, mining, consultations, banking, healthcare, transport and agriculture.

UNDERGRADUATE PROGRAMMES
SCHOOL OF THE BUILT ENVIRONMENT

Minimum Admission Requirements: A minimum of 25 points in five (5) subjects at NSSC Ordinary level with a minimum E-symbol in English.

Mode of Studies: Classes are offered Face-to-Face on full-time (during day-time) at the (Windhoek Campus only)
This option is only open for applicants with relavant experince in their chosen fields of study.
Note: Admission via the Mature Age Entry Scheme is accepted for this school.

Duration: 3 Years

Programme	Programme Code	Admission Requirement(s)	Illustration of Career Possibilities
Department of Land and Spatial Sciences			
Diploma in Geomatics	06DGET	Mathematics (C), Physics or Physical Science (D) Preference will be given to applicants who obtained at least a D symbol on NSSCO in Geography.	Survey technicians in environments ranging from traditional cadastral and engineering surveying to mining surveying, GIS, digital cartography, drafting, land registration, etc.
Diploma in Property Studies	06DIPS	Mathematics (E)	Property clerk/ assistant, property/estate agent, assistant property valuer, assistant property development officer, land and housing officer, assistant property maintenance officer, etc.
Bachelor of Geomatics	07BGEC	30 points in 5 subjects; Mathematics (A), Physics (B); English (B)	Geomatics professional or surveyor, self-employed, or employed by a private firm, government, mine, construction or engineering firm; surveyor and/ or land administrator, performing land surveying and administration under the proposed alternative land tenure systems of Namibia's Land Reform Programmes; geo-information manager, employed by government, local/regional authority, or private firm.
Bachelor of Property Studies	08BOPS	30 points in five subjects Mathematics (B), English (B)	Property/ facilities manager, property valuer/ assessor, property development manager, housing manager, land and property officer, property investment analyst, land acquisition analyst, property/ estate agent, real estate market analyst, mortgage analyst consultant, etc.
Bachelor of Land Administration	07BLAN	Mathematics (B); English (B)	Positions regarding formal registration of deeds in the public sector, land administration agencies, paralegal assistants, land technicians, social survey clerks, land analysts communal land boards, conveyancing clerks, non-governmental organisations, and consulting firms.
Bachelor of Geoinformation Technology	07BGET	30 points in 5 subjects including Mathematics (C); Physics (C); English (C)	Scientist in various fields such as geosciences, geography, GIS operators and technicians, remote sensing, databases, programming and computing, etc.

Programme	Programme Code	Admission Requirement(s)	Duration (Years)
Department of Architecture, Planning and Construction			
Bachelor of Architecture	07ARCB	30 Points in 5 subjects including: · 12 points for English and Mathematics · 18 points for any of three subjects out of the following: Arts and Craft, Biology, Economics, Fine Art, Geography, Literature, Physical Science, Physics or Technical Drawings, Chemistry. · No symbols lower than C will be accepted.	Graduates have opportunities in professional architecture firms as candidate Architectural Technologist. Graduates may also decide to enter into other multi-disciplinary fields such as Landscape Architecture, Interior Design, Project Management and Urban Design.
Bachelor of Quantity Surveying	07BQTS	30 points in 5 subjects including: · 12 points for English and Mathematics · 18 points in any three subjects out of the following:Chemistry, Biology, Economics, Physics, Physical Science and Technical Drawings. · No symbols lower than C will be accepted.	Candidate quantity surveying technologist. Graduates may also seek employment in professional firms for construction management, commercial trading, production of construction materials and equipment or specialise as subcontractors in a building project. Furthermore, they may seek employment with local and municipal authorities and Government.
Bachelor of Regional and Rural Development	07BORR	· A minimum of 30 points in 5 subjects using a combination of NSSCAS/ NSSCH and/ or NSSCO. · No symbol lower than a D in English and Mathematics on NSSCO will be accepted.	Development promotion generalists at Regional Council level; development planners in different ministries at national level, e.g. Ministry of Lands and Resettlement, the Ministry of Regional and Local Government, Housing and Rural Development, etc.; rural development specialists for NGOs; planners in consulting and planning companies of the private sector.
Bachelor of Urban and Regional Planning	07BURP	30 points in 5 subjects including: · 11 points for English and Mathematics. No symbol should be lower than a C-symbol on NSSC Ordinary Level. · 19 points for three non-language subjects. No symbol should be lower than a D on NSSC Ordinary Level.	Graduates will be qualified to serve as Planning Officers/Land Use Planning Officers in both the Public (Governments) and Private Sectors (Planning, Consultancies, As well as NGO'S (e.g. Namibia Housing Action Group, Shack Dwellers Federation, etc., dealing with integrated sustainable human settlement development.

POSTGRADUATE PROGRAMMES

SCHOOL OF ENGINEERING

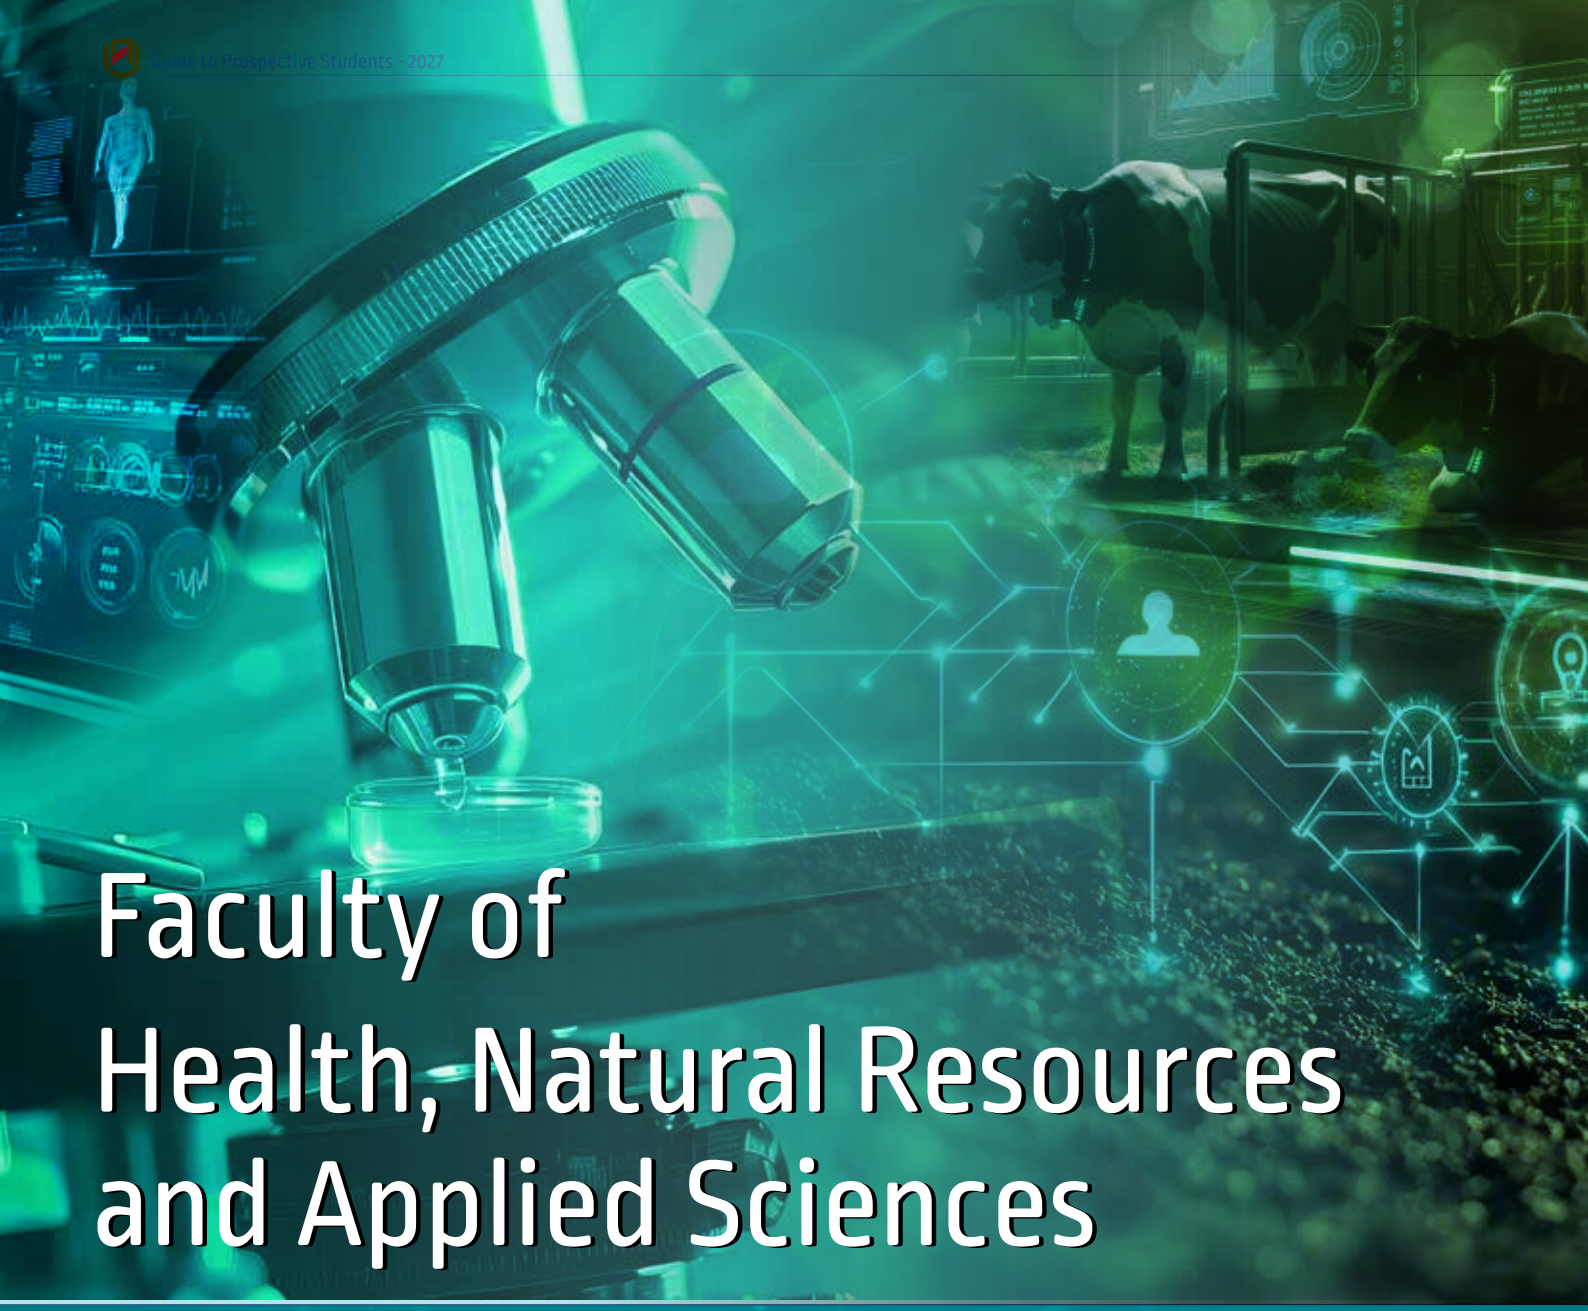

Programme	Programme Code	Admission Requirement(s)	Duration (Years)
Department of Civil, Mining and Process Engineering			
Master of Engineering in Civil Engineering	09MECE	A relevant Bachelor of Civil Engineering degree or equivalent qualification at NQF Level 8.	2
Master of Environmental Engineering	09MEEN	A relevant Bachelor of Engineering degree or an equivalent qualification at NQF Level 8.	2
Master of Integrated Water Resources Management	09MIRW	A relevant Bachelor of Engineering degree or an equivalent qualification at NQF Level 8. A candidate should have completed two or more semesters at participating universities.	1
Master of Engineering in Metallurgy	09MMET	A Bachelor of Engineering degree in Metallurgy or an equivalent qualification at NQF Level 8.	2
Master of Engineering in Mining Engineering	09MOEN	A relevant Bachelor of Engineering in Mining Engineering degree or equivalent qualification at NQF Level 8.	2
Department of Mechanical, Industrial and Electrical Engineering			
Master of Sustainable Energy Systems	09MSES	A Bachelor degree in Mechanical, Industrial, Electrical, Mining, Metallurgy, Agriculture, Chemical Engineering or an equivalent qualification at NQF Level 8. Additionally, professionals with proven long term track experience in the energy industry who completed a bachelor's degree in Economics, Social Sciences, Environmental Studies, or any equivalent qualification at NQF Level 8.	2
Master of Industrial Engineering	09MIEN	A relevant Bachelor of Engineering degree at NQF Level 8 with a research component. Applicant must be employed or self-employed.	2
All School of Engineering Departments			
Doctor of Philosophy in Engineering	10DPIE	A relevant Master's degree in the field of Engineering or equivalent at NQF Level 9.	3

School of the Built Environment

Programme	Programme Code	Admission Requirement(s)	Duration (Years)
Department of Land and Spatial Sciences			
Bachelor of Land Administration Honours	08HBLA	A Bachelor of Land Administration or an equivalent qualification at NQF Level 7.	1
Bachelor of Geoinformation Technology Honours	08BGTH	A Bachelor of Geoinformation Technology or an equivalent qualification at NQF Level 7 with a minimum average of 60% in the core courses at exit level.	1
Bachelor of Geomatics Honours	08BGMH	A Bachelor of Geomatics or an equivalent qualification at NQF Level 7 with an average mark of at least 60% for the following (or equivalent) courses: Engineering Mathematics 2, Surveying 4, Geodesy, and Geographic Information Systems 3.	1
Department of Architecture, Planning and Construction			
Bachelor of Architecture Honours	08BARC	A Bachelor of Architecture or an equivalent qualification at NQF Level 7 with either a minimum average mark of 60% for third year courses or one year work experience.	1
Bachelor of Quantity Surveying Honours	08BQSH	A Bachelor of Quantity Surveying or an equivalent qualification at NQF Level 7 with a minimum average mark of 60% for third year courses, excluding institutional courses.	1

Bachelor of Regional and Rural Development Honours	08BRRD	A Bachelor of Regional and Rural Development or an equivalent qualification with minimum core competencies of urban and regional planning at NQF Level 7.	FM	1
Bachelor of Urban and Regional Planning Honours	08BURP	A Bachelor of Town and Regional Planning or an equivalent qualification at NQF Level 7, worth at least 360 NQF Credits.	FM	1
Master of Architecture	09ARCM	A Bachelor of Architecture Honours or an equivalent qualification at NQF Level 8, worth at least 480 NQF Credits.	FM	2
All School of the Built Environment Departments				
Master of Spatial Sciences	09MOSS	A Bachelor Honours degree at NQF Level 8 in fields related to spatial sciences.	Research	2
Doctor of Philosophy in Spatial Sciences	10DPSS	A NQF Level 9 qualification in Spatial Science related subjects. Must have conducted supervised research at master degree level.	FM/PM	3

Faculty of Health, Natural Resources and Applied Sciences

For additional requirements and programme content, kindly consult the NUST Yearbook, Faculty of Health, Natural Resources and Applied Science on our website at **www.nust.na.**

Kindly note that admission via the Mature Age Entry Scheme is not accepted unless so indicated. This option is only for applicants with relevant experience in their chosen fields of study.

Disclaimer: Qualifying for a programme does not automatically means that you will be accepted due to the availability of spaces.

UNDERGRADUATE PROGRAMMES

Minimum Admission Requirement(s):
A minimum of 25 points in five (5) subjects including an E-symbol in English on NSSCO. Admission via the Mature Age Entry Scheme is not accepted unless so indicated. This option is only for applicants with relevant experience in chosen fields of study.

Mode of Studies:
Full-time (Main Campus – Windhoek only)
Duration:
3 - 4 Years

Programme	Programme Code	Admission Requirement(s)		Illustration of Career Possibilities
		NSSC Old Curriculum	NSSC New Curriculum	
SCHOOL OF AGRICULTURE AND NATURAL RESOURCE SCIENCES				
Department of Agricultural Sciences and Agribusiness				
Bachelor of Science in Agriculture	07BAGA	E-symbol in Mathematics and Biology or science related subject. Candidates can also apply via the Mature Age Entry Scheme.		Farm Managers, Community Development Coordinators, Agricultural Research Officer, etc.
Bachelor of Science in Horticulture	07BHOR	C-symbol in Biology or Science related subject and D-symbol in Mathematics. Candidates can also apply via the Mature Age Entry Scheme.		Crop production managers, Landscape managers, Agriculture extension officers, researchers etc.
Department of Natural Resources Sciences				
Bachelor of Natural Resource Management	07BNRS	D-symbol in English and Mathematics and C-symbol in Biology or Geography or Agriculture. Candidates can also apply via the Mature Age Entry Scheme		Nature Conservationists, Environmental Education Officers, Research Assistants, Tour Guides, etc.
SCHOOL OF HEALTH SCIENCES				
Department of Clinical Health Sciences				
Bachelor of Emergency Medical Care	07BOMC	An A symbol on NSSCO or E on NSSCAS for Mathematics,Biology or Physics Science, and a D-symbol on NSSCO or E on NSSCAS for English.	18 points for Mathematics, Biology AND EITHER Physics or Chemistry. No symbol should be lower than a B on Ordinary Level or a D on AS Level.	Registered Emergency Medical Care Technician, Advanced. Life Support Practitioners (Paramedics).
Department of Preventative Health Sciences				
Bachelor of Environmental Health Science	08BOHS	15 points for Biology, Mathematics and Physical Science. No symbol should be lower than a C.	20 points for Biology, Mathematics, Physics and Chemistry. No symbol should be lower than a C on Ordinary Level or a D on AS Level.	Registered Environmental Health Practitioner, Health Inspectors etc.
Bachelor of Health Information Systems Management	07BSHM	15 points for Biology, Mathematics and Physical Science. No symbol should be lower than a D. Mature Age Applicants: To score 60% in both English and Mathematics of NUST.	20 points for Biology, Mathematics, Physics and Chemistry. No symbol should be lower than a C on Ordinary Level or a D on AS Level.	Monitoring and Evaluation Officers, Health Data Managers, Disease Surveillance Officers, Health Information System Officer/ Manager.

SCHOOL OF NATURAL AND APPLIED SCIENCES				
Department of Mathematics, Statistics and Actuarial Science				
Bachelor of Actuarial Science Honours	08BACS	A minimum of 18 points in three best subjects which should include Mathematics and English, subjected to an "A*" symbol in Mathematics for the NSSC Ordinary Level or a "d" symbol in Mathematics from the Advanced Subsidiary Level or equivalent.		Financial and Risk Analysts, Actuary, Financial Appraiser, Benefits Administrator, Budget Analyst, Investments and Asset Risk Managers, Consultants, etc.
Bachelor of Applied Mathematics and Statistics	07BSAM	B symbol in NSSC Ordinary Level or e symbol in NSSC Advanced level in Mathematics. Applicants who obtained a C symbol in Mathematics in the old NSSC Ordinary Level, will be required to sit for an entrance test.	B symbol in Mathematics at NSSC Ordinary Level or an e-symbol on NSSC Advanced Level.	Planner, Analyst, Statistician, Junior Lecturers/Tutor, etc.
Department of Biology, Chemistry and Physics				
Bachelor of Science	07BASC	15 points for Mathematics, Biology and Physical Science. No symbol should be lower than a C.	20 points in Mathematics, Biology, Chemistry and Physics. No symbol should be lower than a C on Ordinary Level or a D on AS Level	Jobs in private and public institutions e.g. laboratories, manufacturing, food processing, agriculture etc.

UNDERGRADUATE PROGRAMMES

Admission Requirements: A minimum of 25 points in five (5) subjects including an E-symbol in English on NSSCO.
Mode of Studies: Classes in this Faculty are offered on face-to-face (full-time or part-time) and on distance learning.
Duration: 3 Years

Programme	Programme Code	Admission Requirement(s)	Illustration of Career Possibilities
Non-STEM Commerce	04NBPR	22 points in 5 subjects including an E-symbol on NSSCO in English.	Bridging Programme: On completion of this one year programme, students may enroll in any programme in the Faculty of Commerce.
SCHOOL OF COMMERCE AND MANAGEMENT SCIENCES			
Department of Economics, Accounting and Finance			
Bachelor of Accounting	07BGAC	30 points in 5 subjects includingn a C-symbol in English and Mathematics or Accounting.	Middle level Accountants, Internal Auditors or Tax Assistants in the public and private sector.
Bachelor of Accounting (Chartered Accountancy)	07BCAC	35 points in 5 subjects including a C-symbol in Mathematics and English.	Audit trainees in public practice firms while pursuing further professional programmes to become Chartered Accountants
Diploma in the Theory of Accounting	07DTOA	A relevant Bachelor degree at NQF Level 7	Further studies into the PG Certificate in Accounting
Bachelor of Economics	07BECO	A D-symbol in Mathematics.	Economist, Trainee Financial Analyst, Broker/Dealer, etc.
Department of Governance and Management Sciences			
Bachelor of Business Management	07BBMN	D-symbol in Mathematics.	The BBMN programme equips you with a wide variety of skills to own and or manage a small venture; as well as middle Management positions and various positions in Business Development, Purchasing, Logistics, Operations, Finance, etc.
Bachelor of Business and Information Administration	07BBAD		Office Manager, Executive Secretary, personal Assistant, Litigation Typists, Frond Desk Receptionists, etc.
Bachelor of Entrepreneurship	07BOEN	E-symbol in Mathematics	Entrepreneur
Bachelor of Human Resources Management	07HRM		Various positions in training and development, industrial relations, career management, health and safety management, etc.
Bachelor of Public Management	07BPME	E-symbol in Mathematics.	Positions in finance, economic, human resources management in public enterprises or NGOs.
Department of Marketing, Logistics and Sports Management			
Bachelor of Marketing	07BMAK	D-symbol in Mathematics.	Middle management positions in marketing, sales, business development, etc.
Bachelor of Procurement and Supply Chain Management	07BPSM	D-symbol in Mathematics.	Middle management positions in logistics, procurement, business development, etc.
Bachelor of Sport Management	07BSMN		Positions as Sport Managers, Business Development Managers, Sporting Brand Managers, Sponsorship executives, etc.
Bachelor of Transport Management	07BTRN	D-symbol in Mathematics.	Positions in transport management including road safety and infrastructure, transport economics, legal framework and transport operations, etc.
Department of Hospitality and Tourism			
Bachelor of Culinary Arts	07BCNA		Chef, Caterer, Kitchen Supervisor, Entrepreneurs, etc.
Bachelor of Tourism Innovation and Development	07BTID		Positions in the Tourism Industry such as administration officers, sales and marketing personnel, guest relations, public relations and customer service personnel, information/front desk personnel, events and conference coordinators, community based tourism enterprises supervisors, entrepreneurs, etc.
Bachelor of Hospitality Management	07BHOM		

SCHOOL OF HUMAN SCIENCES AND EDUCATION			
Department of Communication and Languages			
Bachelor of Communication	07BCMM	A D-symbol in English.	Communication Managers, Speech Writers, Public Relations Officers, Press Liaison Officers, etc.
Bachelor of English and Linguistics	07BENL	A D-symbol in English.	Various positions in teaching, acting, editing, publishing, curriculum development, production of in-house magazines and newsletters, etc.
Department of Social Sciences			
Bachelor of Criminal Justice in Correctional Management	07BCOR		Correction Officers, Security Industry, Immigration Officer, Forensic Services, etc.
Bachelor of Criminal Justice in Policing	07BCJP		Police Officer, Security Industry, Immigration Officer, Forensic Services etc.
Department of Technical and Vocational Education and Training			
Bridging Programmes:			
TVET Hospitality	09NBTH	· 22 points in 5 subjects including an E-symbol in English on NSSC Ordinary Level or NQF Level 3 trade qualification in Hospitality.	Bridging Programmes: Students who complete this bridging programme will be eligible to enter the TVET programmes with specialisation in Agriculture and Hospitality housed in the TVET department.
TVET Agriculture	09NBTA		
Diploma in Technical and Vocational Education and Training: Trainer	06DTVT	· Applicants must be qualified in a designated trade. · Have at least 3 years industrial working experience in the relevant occupational domain.	Professional Vocational Instructor
Diploma in Technical and Vocational Education and Training: Management	06DTVM	· Applicants must be qualified in a designated trade. · Have at least 3 years industrial working experience of which 1 year should be on a managerial level at a VTC/COSDEC/TVET institution. · Or TVET Trainer Diploma.	Leadership and management positions in the TVET field.

India Namibia Centre For Excellence Information and Technology (INCEIT)

The INCEIT Centre was established due to a memorandum of agreement between the Namibian and Indian governments to further enhance specialised IT training in Namibia. The Centre is hosted under the Faculty of Computing and Informatics at NUST. It is situated at the NUST Main Campus in Windhoek and is equipped with state-of-the-art IT infrastructure. It is additionally equipped with a CDAC PARAM Supercomputer with High Performance Computing (HPC) applications.

Admission Requirements: A Diploma at NQF Level 6 in Computer Science, Information Systems, Information Technology or Informatics or an equivalent qualification from an accredited institution. Applicants with one year experience will be given preference. Applicants from other science and engineering disciplines or with prior learning experience may be admitted into this programme at the discretion of the Centre. Such applicants may be required to write a test or an interview to guide the selection.

Duration: 1 year Mode: Full-time (blended mode of face-to-face classes and E-Learning

Programme n	Description	Career Possibilities
Certificate in Advanced Web Technologies (07CAWT)	The programme aims to equip students with practical skills required to design and implement security measures in Computer Networks and Systems.	Middle level positions in both public and private sectors as Penetration Testers, IT Security Engineers, and Security Analysis, etc.
Certificate in Big Data Technologies (07CBDT)	The programme aims to equip students with a diverse range of skills in the areas of Systems Administration, communication Networks and Software Development.	Positions in both public and private sectors in roles that include software development, data analysis, Dev-ops, system administration, etc.
Certificatein Ethical Hacking and Information Security (07CEHI)	The programme aims to equip students with practical skills required to design and implement security measures in Computer Networks and systems.	Positions in both public and private sectors as Penetration Testers, IT Security Engineers, Security Analysis, etc.

Welcome to Eenhana Satellite Campus

At the welcome to the Namibia University of Science and Technology Eenhana Satellite Campus in the Ohangwena region. It is your right and a best decision to study at Eenhana Satellite campus we highly recognise the importance of transforming lives; engagement and research; embracing technological innovation, and promoting a culture of productivity through community engagement projects and industry benchmarked experiences. The Campus is well resourced with modern facilities for teaching and learning, and projects itself to grow in both programme offerings and research output for sustainable development. Although the Campus does not have accommodation facilities, accommodation in the surrounding areas are very affordable, and NUST offers free transport from and to Campus.

Students can pursue qualifications ranging from certificates to postgraduate degrees across all four faculties of the University at this Campus.

The Campus will also be offering quality industry relevant short courses for skills development; continuing professional development and filling gaps in your professional knowledge to help you navigate through the knowledge economy.

Our staff members contribute to the development of the community through providing workshops on new skills needed to meet the challenges and community engagement activities. The student community engages in sports and cultural activities to develop a great sense of identity.

Dr Lukas Shikulo

	Marketing	Full-time, Part-time and Distance
	Human Resources Management	Distance
	Education in Educational Planning and Administration	Distance
Postgraduate Diploma	TVET Management	Part-time

Welcome to to Lüderitz Satellite Campus

As part of its strategic move to take higher education to all corners of Namibia, the Namibia University of Science and Technology established its southern campus in Ludertiz. As Namibia sets itself as a hub to produce green hydrogen, Lüderitz offers ideal conditions for this bold move, and our southern campus is the right place at the right time. The focus of the campus will be green hydrogen/renewable energy production and associated derivatives services, products and technologies. Currently, Introduction to Science, Technology, Engineering and Mathematics (InSTEM), and Faculty of Commerce, Human Sciences and Education (Non-STEM) bridging programmes are on offer at the Lüderitz

Campus. The student numbers are expected to grow in tandem with the number of programmes to be offered at the campus, specifically those tailored for the future, such as Petroleum Engineering and other technical (TVET) programmes focusing on wind, battery and solar energy technologies. Applied research and innovation will ensure stable green energy and demineralisation of water for low-cost green hydrogen production.

In 2026, programmes as listed below will be offered on a face-to-face, online and hybrid learning platform.

Programmes on offer

Type of Programme	Programme Name
Faculty of Computing and Informatics	
Certificate	Python Programming
Certificate	Advance Web Technology (NQF Level 7)
Certificate	Informatics (Information Systems Audit)
Faculty of Engineering and the Built Environment	
Bridging	InSTEM
Postgraduate Diploma	Green Hydrogen Technologies
Master	Sustainable Energy Systems (NQF Level 9)
Master	Science in Integrated Water Resources Management (NQF Level 9)
Faculty of Commerce, Human Sciences and Education	
NUST Bridging	Non-STEM
Certificate	Supervisory Skills Development (NQF Level 5)
Bachelor	Transport Management
Postgraduate Diploma	Management (NQF Level 8)
Master	Procurement Management (NQF Level 8)
	Business Administration (NQF Level 9)

Welcome to Rietfontein Satellite Campus

Welcome to the Namibia University of Science and Technology Rietfontein Satellite Campus in the Otjozondjupa Region. The Campus is situated 35 to 40 kilometres on the B8 road south of Grootfontein on your way to Kombat and Otavi.

Establishing the Rietfontein Satellite Campus aligns with achieving the strategic objective of maintaining a local presence and extending national and international reach. The Training Centre, with its diverse programmes, is a perfect fit or NUST.

The region has great potential to establish industries connected with farming activities and their by-products. It can combine communal and commercial farming in the same region. In addition to farming activities, it also has a thriving tourism industry. To adequately prepare you for the 4th Industrial Revolution in key sectors such as agriculture, we must train you using experimental farms and innovative farming techniques. The Rietfontein Campus will undoubtedly prepare you for

The Campus will also offer quality industry-relevant short courses for skills development, continuing professional development, and filling gaps in your professional knowledge to help you navigate the knowledge economy. Staff and student accommodation is available on Campus, which makes relocation manageable.

Physical Address: National Youth Services Centre, B8 Road South of Grootfontein, Otjozondjupa Region,

Programmes on Offer:

Note: Admission requirements can be viewed under the various Faculties in this Guide. In addition to the programmes listed below, all other programmes offered on distance education at NUST can be studied through this campus.

Programme	
Faculty of Computing and Informatics	
Certificate	Advanced Web Technology
Faculty of Engineering and the Built En vironment	
Bridging	TVET: Agriculture
Faculty of Commerce, Human Sciences and E ducation	
Diploma	TVET: Trainer
	TVET: Management
Bridging	Introduction to Science, Technology, Engineering and Mathematics (InSTEM)
Short course	Assessors and Moderators
	Design Based Research
Faculty of Health, Natural Resources and Applied Sciences	
Bachelor	Bachelor of Agriculture Bachelor of Science in Horticulture

Satellite Campuses and Lifelong Learning Support (SaCaLLS)

Quality distance education that works for you... wherever, whenever!

Balance your work and personal life whilst meeting your lifelong learning needs in a flexible, supportive and interactive learning environment. This can be achieved by enrolling through the distance education mode of study.

The NUST distance education model embeds a holistic approach to serve a broad profile of students through technology-enhanced learning using print, multi-media and e-Learning methods of delivery.
