

WE ARE HIRING

Faculty of Computing and Informatics

Department: Informatics, Journalism and Media Technology

Senior Lecturer: Informatics (2 Posts)

Requirements

A Doctorate (NQF Level 10) in Informatics or Information Systems with at least six (6) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Proven competence in successful sourcing of research or project funding from third party sources, successful initiation and management of research projects, curriculum development, and strong management/organisational and mentorship skills. Knowledge in at least three (3) of the following emerging Informatics research areas: Business Intelligence, Big Data & Analytics, E-Governance, Knowledge Management Systems, Data Science, Health Informatics and Digital Health. Competence to establish professional networks and to maintain links with the industry, as well as experience in developing postgraduate programmes, strong management skills and a proven record of raising substantial research funding. Competence in online teaching, learning and assessments would be a recommendation. A credible record of lecturing, peer-reviewed publications, community engagement, programme coordination, as well as supervision of students (research) at both under- and post-graduate levels will be an advantage.
