WE ARE HIRING

Faculty of Computing and Informatics

Department: Software Engineering

Lecturer: Software Engineering (Artificial Intelligence)

A Master's degree (NQF Level 9) in Computer Science or a related field at least four years of lecturing and/or industrial experience and/or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Teaching experience is mandatory whether in academia or industry. A relevant Doctorate Degree will be an advantage. Competence to teach at least three of the following courses: Artificial Intelligence (including Machine Learning and Deep Learning, AI Search-based, Natural Language Processing and Computer Vision), Data Mining and Data Analytics. Competence to establish professional networks and to maintain links with the industry, as well as experience in developing undergraduate programmes. Competence in online teaching, learning and assessments would be a recommendation. A credible record of lecturing, peer-reviewed publications, community engagement, supervision of students (research) undergraduate level, as well as a relevant Doctorate will be an advantage.
