

WE ARE HIRING

Faculty of Health, Natural Resources and Applied Sciences

School of Natural and Applied Sciences

Senior Lecturer: Analytical Chemistry

Requirements

A Doctorate (NQF Level 10) in Analytical Chemistry with at least six (6) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Proven competence in successful sourcing of research or project funding from third-party sources, successful initiation, and management of research projects, curriculum development, and strong management/organisational and mentorship skills. Competence in developing high-quality course materials and in teaching at least three of the following courses at both under- and post-graduate levels: Instrumental Techniques (Atomic/Molecular Spectroscopic, Separation and Electroanalytical Techniques, Advanced Analytical Chemistry and Chemometrics, Environmental Chemistry, and Environmental Pollution Monitoring and Remediation. Experience in management and operation of analytical laboratory instruments such as ICP-OES, GC-MS, HPLC, Mercury Analyser, FTIR, CHNS/O Elemental Analyser and Kjeldahl Nitrogen Analyser will be an added advantage. Sound research profile with peer-reviewed publications (journals articles/books/conference proceedings) and successful supervision of students.

School of Health Sciences

Department: Clinical Health Sciences

Professor/Associate Professor: (Biomedical Sciences)

Requirements

Professor: A Doctorate (NQF Level 10) in Biomedical Science/Technology or Medical Laboratory Sciences with at least seven (7) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Proven competence in successful sourcing of research or project funding from third-party sources, successful initiation and management of research projects, curriculum development, and strong management/organisational and mentorship skills. Competence in developing high-quality course materials and in teaching the following courses at both under-graduate and post-graduate levels: Haematology and Immunohaematology plus any one of the following: Immunology and Integrated Clinical Pathology. Competent to assume academic leadership, to establish professional networks, and to maintain links with industry, as well as experience in developing postgraduate programmes. Sound research profile with at least twenty (20) peer-reviewed publications (journals articles/books/conference proceedings). Successful supervision of at least three master's and one Doctoral (research) students is required. Applicants must be registered/registrable with the Allied Health Professions Council of Namibia (AHCNA) as a Medical Laboratory Scientist or Medical/Biomedical Technologist.

Associate Professor: A Doctorate (NQF Level 10) in Biomedical Science/Technology or Medical Laboratory Sciences with at least seven (7) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Proven competence in successful sourcing of research or project funding from third-party sources, successful initiation and management of research projects, curriculum development, and strong management/organisational and mentorship skills. Competence in developing high-quality course materials and in teaching the following courses at both under-graduate and post-graduate levels: Haematology and Immunohaematology plus any one of the following: Immunology and Integrated Clinical Pathology. Competent to assume academic leadership, to establish professional networks, and to maintain links with industry, as well as experience in developing postgraduate programmes. Sound research profile with at least ten (10) peer-reviewed publications (journals articles/books/conference proceedings). Successful supervision of at least three master's students is required. Applicants must be registered/registrable with the Allied Health Professions Council of Namibia (AHCNA) as a Medical Laboratory Scientist or Medical/Biomedical Technologist.

Senior Lecturer/Lecturer: (Biomedical Sciences)

Requirements

Senior Lecturer: A Doctorate (NQF Level 10) in Biomedical Science/Technology or Medical Laboratory Sciences with at least six (6) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Competent to teach the following courses: Clinical Chemistry and Integrated Clinical Pathology plus any one of the following: Biochemistry, Health Science Chemistry and Immunohaematology. Proven competence in successful sourcing of research or project funding from third-party sources, successful initiation, and management of research projects, curriculum development, and strong management/organisational and mentorship skills. Competent to assume academic leadership, to establish professional networks, and to maintain links with industry, as well as experience in developing postgraduate programmes. A credible record of lecturing, peer-reviewed publications, community engagement and supervision of students' research projects at under- and postgraduate levels. Applicants must be registered/registrable with the Allied Health Professions Council of Namibia (AHCNA) as a Medical Laboratory Scientist or Medical/Biomedical Technologist.

Lecturer: A Master's degree (NQF Level 9) in Biomedical Science/Technology or Medical Laboratory Sciences with at least four (4) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written) and must be able to teach the following courses: Clinical Chemistry and Integrated Clinical Pathology plus any one of the following: Biochemistry, Health Science Chemistry and Immunohaematology. Must be registered/registrable with the Allied Health Professions Council of Namibia (AHCNA). Credible record of lecturing, peer-reviewed publications, record/involvement in community engagement and supervision of undergraduate students' projects will be an advantage. Applicants must be registered/registrable with the Allied Health Professions Council of Namibia (AHCNA) as a Medical Laboratory Scientist or Medical/Biomedical Technologist.
